Bed Bottom Light

TBL3
series

TiMOTION

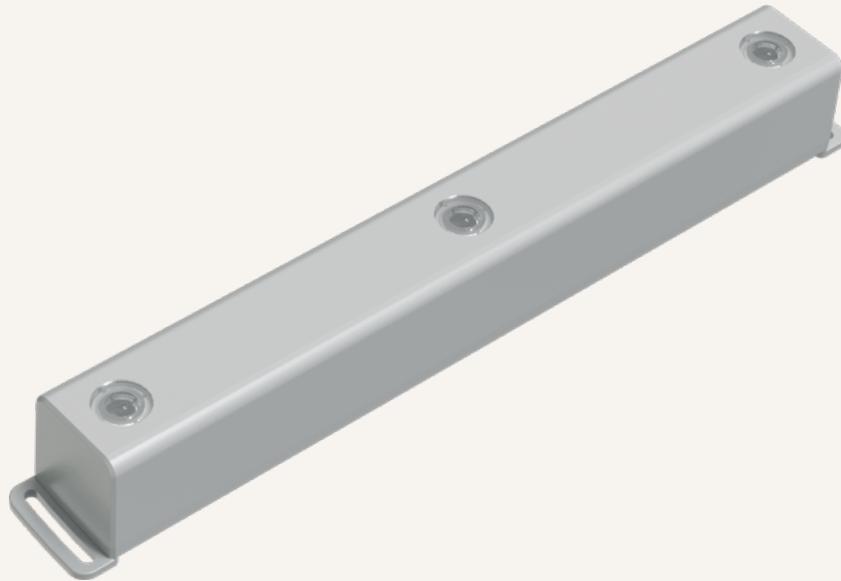

Product Segments

• Care Motion

The TBL3 is an under-bed light accessory created for medical bed applications in home care, nursing homes, and hospital environments. It can display images to indicate the patient's condition, such as blood or bodily fluid spills, off the bed, or nurse calls.
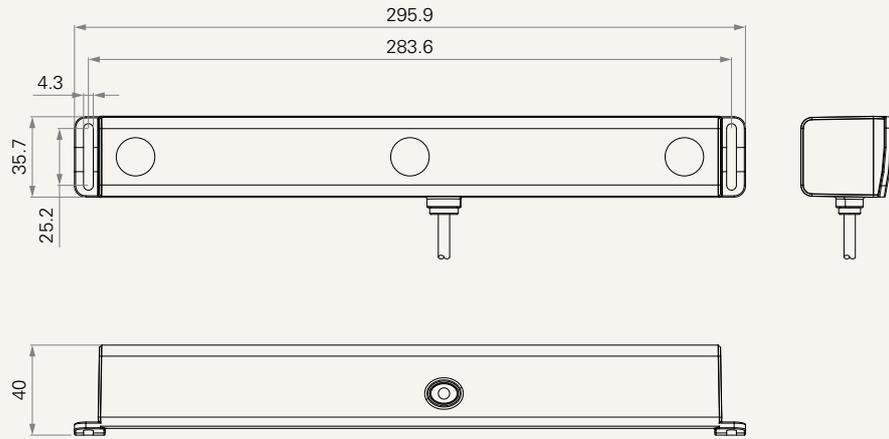

It provides caregivers a simple, visual indication of the patient's status at night, allowing for a better quality of care.
